**TO:** Mayor and Council  
**FROM:** Daren Fluke, Planning and Development Services  
**NUMBER:** RES-439-19  
**DATE:** May 29, 2019  
**SUBJECT:** Westside Park Maintenance

---

## **BACKGROUND:**

This is the maintenance agreement setting forth the maintenance responsibilities for the Westside Downtown Urban Park. This maintenance agreement was included as an exhibit to the MDA and is now ready to be executed by both parties.

A need was identified by the public in the City's Downtown Parks and Public Spaces Master Plan <<https://pds.cityofboise.org/planning/comp/dpps/>> for a public open space in this neighborhood. CCDC, in collaboration with The City of Boise and Eleven Eleven West Jefferson, LLC, have an opportunity to create this distinctive urban open space. The potential Westside Downtown Urban Park will provide a place for people to connect with the outdoors on a daily basis, serve as a hub for community events, and enhance the urban lifestyle of office workers, residents, shoppers and visitors to the west side of downtown. The proposed project site was identified, and the associated agreements were negotiated in response to a myriad of public interests. These public interests include:

- Shifting land use is trending toward residential infill in this area. A public space within walking distance of these new downtown residents is needed.
- 11th Street and Bannock Street are important bicycle corridors to which a public space with bicycle amenities would be beneficial.
- CCDC-owned real estate within walking distance of the project site has potential for redevelopment of uses that will both complement and utilize this public park.
- The park site is surrounded by surface parking lots that detract from downtown's vibrancy, walkability, and economic vitality. Making this public investment will catalyze private investment in housing, dining, office, and neighborhood services next to and near the public park.
